

Reflections From A Grateful Heart

You are the reason our hearts are overflowing with gratitude this season. We can't thank you enough for the support you continue to show for our mission and the ladies of Jasmine Road. This year's [Rooted in Love Luncheon](#) was a resounding success as we celebrated our social enterprises, and the tremendous difference meaningful employment makes in the lives of the women we serve. Your purchase of a product or lunch may seem like a small act, but it has the power to heal a community.

This year we launched our new LOVE candle and highlighted the love that is poured into our residents and graduates by you and our whole Rooted in Love community each and every day. One thing we have discovered is that love is in fact scalable and sustainable. LOVE is the secret sauce, that beautiful ingredient that permeates this community and binds us all together -- Love says "I see you.", "I believe in you.", and "I am going to walk alongside you until you learn to love yourself.". Love really does heal.

Thank you for loving women and for believing that everyone deserves the opportunity to flourish.

-Beth Messick, Executive Director
